Kingwood Township Business Owner,

Beginning on July 1, 2021 we have taken over fire inspections from the NJ Div. of Fire Safety and began completing fire inspections of local businesses classified as Life & Non-Life Hazard Uses. Starting on July 1, 2021 an updated fee schedule was placed into effect, based on square footage and assessed at the time of inspection. For your review the fee schedule is attached and its purpose is to help support fire prevention activities in the Township.

Your Non-Life Hazard Use fire inspection will be completed on a bi-annual (every other year) basis and in the near future one of our inspectors will be coming to your location to complete the inspection. As to Life Hazard Uses, there is no change. In an effort to allow for an efficient, complete inspection we have listed below some of the items that will be checked during this inspection.

- Sufficient number of properly sized fire extinguishers
- Annual testing/inspection of fire alarm, sprinkler, and other fire control devices
- Electrical hazards such as open junction boxes, improper use of extension cords
- Blocked exits
- Exit sign/emergency light operation
- Storage hazards
- Recently required Carbon Monoxide detection requirements.

Should a violation be found at your location, you will be allowed 30 days to make the necessary repairs before we conduct a reinspection and issue you a certificate of inspection. In situations where the violation may pose an imminent hazard, immediate abatement may be necessary.

Also included with this letter is a Business Registration Form, we ask that you please fill out as completely as possible and return to us. This will allow us to capture accurate information about your business and save time during the inspection.

If you have any questions regarding your fire inspection please do not hesitate to reach me by phone; 908-806-6314 or by email; dennis.concannon@raritantwpnj.gov.

Yours in Fire Safety,

Dennis B. Concannon, CFEI
